Personal Information

- Name: Arshdeep
- Email: arshdoobla@gmail.com
- Phone: 7495065790

Education

- Bachelor of Technology in Computer Science | Maharishi Markandeshwar deemed to be university | 2024-2027
- Relevant Coursework: Artificial Intelligence, Machine Learning,Electrical Engineering

Skills

- Programming Languages: Java, Python
- Areas of Expertise: Object-Oriented Programming, Machine Learning, Artificial Intelligence.

Experience

Personal Projects & Academic Exploration

- Self-driven | Ongoing
- Built several Java-based mini projects, including a calculator and a simple file manager, to practice object-oriented programming and strengthen coding logic.
- Specialized in Artificial Intelligence and Machine Learning as part of academic coursework, with hands-on practice in basic ML models and algorithms using Python.
- Actively working on integrating robotics with AI, combining knowledge from electrical engineering and computer science.
- Participated in college-level robotics workshops and AI/ML hackathons to gain practical exposure and connect with like-minded peers.
